

CORON, FILIPINE

Coron Island Highlights

Coron Island is a wedge-shaped, limestone island generously blessed with karst landscape of towering limestone cliffs, pristine white sand beaches, majestic lagoons, fantastic reefs and diverse marine life. You will cover three must-see destinations on this tour. **Siete Pecados** is one of the best places to **snorkel** (gear provided) on Coron....

The Islands of Coron

Known as the last frontier of the Philippines, Palawan's Calamian archipelago showcases the grandeur of nature. Board a **boat** to explore the islands and let the Coron area captivate you with its dazzling white sand and crystal-clear seawater. First up is Bulog Island, which only takes minutes to walk around. It is a small islet with a great beach, and the wate...
