A Stroll through Baie-Comeau

A brief shuttle ride brings you into the heart of **Baie Comeau** for a three-hour walking tour. With your guide, you will discover Baie-Comeau's heritage area, boutiques, art galleries, landmarks and, of course, its beautiful natural setting. Begin at **Place La Salle**, situated in Baie-Comeau's heritage area. This quaint commercial artery is home of the Biosphere square. It...

Baie Comeau's Heritage

This tour, combining history, nature, and technology offers an overview of **Baie-Comeau**. Colonel Robert McCormick, then President of the Chicago Tribune, founded the city in 1937 when he established a pulp and paper plant—backward integration for his newspaper business. Today, Baie-Comeau is a high-tech industrial hub for hydroelectricity and is home to about 23,000 residents. Learn...

Centrale Manic Dam

Combine a visit to **Manic-2**, a spectacular **hollow-joint gravity dam**, with an introduction to Baie-Comeau. Manic-2 is an important hollow-joint gravity dam. Amazingly, it is the size of a Boeing 747 and was the first one to be put into service at the Manic-Outardes complex. It is here that, in 1965, Hydro-Québec operated the first 735,000-volt line in the world. This type of li...
