Portovenere, Cinque Terre by Boat

ACTIVITY LEVEL: MODERATE

Our **private chartered boat** will pick you up from the Portovenere pier and take you along the scenic terraces of **Cinque Terre, a UNESCO World Heritage Site**, to **Vernazza**. Along the way you will see the villages of **Riomaggiore** and **Manarola**, connected by the world famous Love Path, followed by **Corniglia**, high on a cliff. **Vernazza** is a tiny resort located at the mouth of a river and is naturally protected from the threat of the sea by a rocky promontory and has always been the only safe landing point in the Cinque Terre. You will have **free time** in Vernazza to see the noble and elegant village before reboarding your boat to cruise to **Monterosso**, a town distinctly divided into two part – the old town and the new town, which are divided by a single tunnel. You will have free time to explore this village with the only extensive sand beach in the Cinque Terre. You will return to Portovenere by your chartered boat.

Please note: This trip is exclusive and a private guide is included. Weather conditions may cause a variation in the schedule.

Portovenere, The Leaning Tower of Pisa

ACTIVITY LEVEL: MODERATE

Begin your tour with a comfortable motor coach ride to Pisa. From the parking lot you will walk up to the spectacular **Piazza dei Miracoli, a UNESCO World Heritage Site** where you will see the **Leaning Tower**, the **Cathedral** and the **Baptistry** (inside), and the historical churchyard. Your guide will explain the history of Pisa and the unforgettable Leaning Tower, which was closed for quite some time due to restoration work and now it is opened again (although you will not enter the tower on this tour). Interestingly, the Leaning Tower was originally designed as a bell tower to the cathedral. It was begun in 1174 and finally finished in 1350. Its 294 steps lead to a top platform. You will see Cimabue's superb 13th century mosaics embellishing the half-dome. You will also have free time to shop and take pictures before you will meet again your escort, and walk back to the parking lot for the return drive.

Please note: On Sundays because of services going on, your guide will talk about the cathedral outside and then you will enter the cathedral.

Portovenere, Walking Tour & Tasting

ACTIVITY LEVEL: MODERATE

Discover this jewel! Portovenere, the ancient 12th century town, now a **UNESCO World Heritage Site** where its tall, colored houses still remain huddled around the port. The massive bulk of the **castle** dominates the town. It was built by Genoa in the 16th century. The castle is a noteworthy example of military architecture. The original structures were reinforced to defend it against the threats of Pisa and later from other enemies of the Republic. Discover this unique town for yourself as you walk around with your guide and visit the **Church of St. Peter**, finishing up along the port with a panoramic view of town and the island of Palmaria. A treat will await you afterwards as you relax and enjoy **asampling of the local wines** that come from the famous region known as the "Cinque Terre," the fertile and famous vineyards that lie just beyond Portovenere, or from the "Luni" region on the opposite side.

Please note: There are approximately 50 irregular stone steps to reach the church, no hand rail and the steps can be slippery when wet. Wear comfortable walking shoes
