

WILLEMSTAD, CURACAO

Willemstad: City, Ostrich Farm & Cave Adventure

ACTIVITY LEVEL: MODERATE

You will board your **Hyundai Coaster** on a sightseeing drive through Willemstad on your way to the **Ostrich Farm** where you can observe the fascinating behavior of this very special bird. You will see first-hand how an ostrich develops from an egg to the biggest and fastest running bird in the world. You will have a chance to hold an enormous egg or a little fluffy day-old chick: and even get to see one hatch. Also you can feed the birds as they poke their heads into the jeep or jump on the safari truck for a funny interactive guided tour! Then you will be off for the famous **Hato Caves**. These old coral reefs that actually emerged out of the sea when the island was formed are "living caves"; and centuries-old stalagmites and stalactites are still being formed, a drop at a time. The guided tour will take you along gently sloping trails through the caves' different chambers, past still pools, even a fresh-water waterfall (a very rare sight on this dry island). These caves were once the homes of the Indians.

Please note: This tour is not wheelchair accessible.

Willemstad: Curacao Jeep Safari

ACTIVITY LEVEL: MODERATE

With a fleet of **off-road 4x4 Land Cruisers**, your drivers will offer a guided adventurous way to explore Curacao and discover new places you have never been before. You will be picked up at the dock and guided to the Land Cruisers. There you will get a briefing on safety in reference to driving in open vehicles, specifically in the "**wild Curacao**" terrain. After you have been seated in the vehicles you will be driven towards the wild terrain, where your 4x4 outdoor adventure will start. Driving through Curacao's wild nature terrain, with cacti, divi-divi trees, and possible spotting of wara wara birds of pray, lizards, flamingos and wild pigs will certainly be one of the highlights of your tour. During a visit to the famous "Driftwood Bay" you will get information about the bays on Curacao and you have a chance to search for driftwood pieces, often used as souvenirs.

Please note: This tour is not for those with back or neck problems.
